

Kids Connection and Pearls is excited to form a community partnership.

Pearls is a faith based non-profit organization that reaches out into our communities to educate adults and youth on a variety of sex health topics from a Biblical perspective! You can check out their website at www.wearepearl.com

**Friday, April 13, 2018, we will be teaching about “Online Safety”
with the Jr. High students.**

All parents are highly encouraged to join us for the evening.

Why online safety?

- Online predators are masterminds in deceiving youth.
- Sex Trafficking is the # 1 growing crime targeting our youth today.
- The average age of a trafficked girl or boy is 12 years old.
- Predators come in all shape and sizes.
- Add all this with the fact that many teenagers admit to hiding their online activity (which is where most predators are) from their parents.

Let us help equip you and your youth in understanding the dangers out there; online/internet safety tips, warnings signs, and what you can do to help others or themselves if ever in a dangerous situation.

**Each student must have a permission slip signed by
their parent/guardian in order to attend:**

(check box) I understand on Friday, April 13th, Kids Connection with Pearls will be covering the topic of online safety and the nature of the above content (listed under, why online safety?) will be covered. I give full permission for them to educate my child on this topic in my absence with my name and signature below releasing Kids Connection, an outreach program of New Life Foursquare Church and Pearls from any liability.
